

## School Council Elections, September 2018

Over the next couple of weeks, we will be holding our School Council Elections. During class time teachers will be discussing the role of a school council member. The children who are interested will be asked to prepare a brief presentation, stating why they would like to be a class representative.

**Elections will then take place w/c 24th September.**

During election week our Y6 representatives will be busy supporting this process by delivering and collecting ballot boxes and counting voting slips

Foundation children will have the opportunity to join as a School Council representative during the Spring term, giving them the time to settle into Edwalton school life. Parents/carers will be given more information before we start the election process.

If your child is interested in being a valued member of the School Council, you can help them by listening to their presentation.

Thank you for your support.

Mrs Godber
