Date of next review- September 2025

Background

Edwalton Primary School is committed to complying with and implementing the provisions of the Freedom of Information Act (FOIA) 2000. This provides a general entitlement to any person to be able to access information held by school, subject to exemptions and conditions laid down by law.

Scope

This policy applies to all information held by school regardless of how it is created or received. It applies irrespective of the media on which the information is stored and whether the information is on paper or held electronically. The Act's powers are fully retrospective and thus information is accessible no matter how old it may be.

Similarly, information in draft form will also be accessible under the Act. It should be noted that access to personal information (that is information from which a living individual can be identified) is still governed under the Data Protection Act 1998.

Requests for access to such information will be governed in line with the requirements of this legislation.

Dealing with requests

Edwalton Primary School will offer advice and assistance to any person wishing to make a request for information. We are committed to dealing with requests within the statutory guideline, which states that a response will be made no more than 20 working days from the date of the initial request (apart from if the request falls within school holidays)

This may be extended in specific circumstances on legal advice in connection with the public interest test. However, Edwalton Primary School is committed to providing a prompt service and every attempt will be made to provide the information earlier than the expiry of the 20 working day period. Repeated or vexatious requests for information will be refused. School will claim exemptions as appropriate whilst maintaining a commitment to scrutiny, openness and the public interest when considering a qualified (also known as "non-absolute") exemption which requires such a test.

All requests in writing will be considered a Freedom of Information request, including those received by email or fax. There is no need to indicate that the request is being made under the FOIA and all requests will be dealt with under this policy. School reserves the right to refuse requests where the locating, retrieving and editing (where necessary) the information would exceed the statutory maximum (currently £450).

School recognises that requests for environmental information may be made over the telephone and that different exemptions apply.

Adopting and Maintaining Publication Schemes

Edwalton Primary School has adopted a Publication Scheme (see below) in accordance with section 19 of the Freedom of Information Act and is committed to updated and maintaining it to keep it relevant and current. The Publication Scheme contains many of the documents, policies, plans and guidance which are regularly asked for. Material contained within the publication scheme and a copy of the scheme itself, will be readily available. Where charges are applied these will be stated in the scheme. The scheme can be assessed in school on request. School staff will give advice and assistance on how to use the scheme as appropriate.

Relationship with the Data Protection Act 1998

Edwalton Primary School is under a legal duty to protect personal data under the Data Protection Act 1998 (updated in 2018) We will consider our responsibilities carefully under the Act before releasing personal information about living individuals, including current and former employees and pupils.

Responsibilities

Edwalton Primary School has a responsibility to make information available in accordance with the FOIA. Responsibility for compliance with this and related policies will rest with the Governing Body who will delegate those responsibilities to the Head Teacher. Complaints regarding the use of this policy should be directed to the Governing Body. All school staff have a responsibility to ensure that any request for information they receive is dealt with under the Act and in compliance with this policy. They are also responsible for good information handling practice and for implementing record management policies and procedures as appropriate to their post.

Contact Details

For advice and assistance please contact the Head Teacher. Further advice and information about the Freedom of Information Act, including full details of exemptions and advice on the public interest test, is available from the information commissioners website at www.informationcommissioner.gov.uk

Publication Scheme

Below we have outlined Edwalton Primary School's publication scheme under the Freedom of Information Act 2000. The Governing body is responsible for maintenance of this scheme.

1. Introduction: What a publication scheme is and why it has been developed?

One of the aims of the FOIA is that public authorities, including schools, should be proactive and clear about the information they will make public. To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published, and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information that will be published in the future. All information in our publication scheme is on our website to download and print off or is available in paper form. Some information we hold, for example personal information. This publication scheme conforms to the model scheme for schools approved by the information commissioner.

2. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme. The classes of information that we undertake to make available are organised into 4 broad topic areas.

- School prospectus – information published in the school prospectus.
- Information relating to the school and governing body- information published on the school website or in other governing body documents.
- Pupils and curriculum – information about policies that relate to pupils and the school curriculum.
- School Policies and other information related to school- information about policies that relate to school in general.

3. How to request information

4. Paying for information

Information published on our website is free, although you may incur costs from your internet provider. If you don’t have internet access, you can access our website using the local library or an internet café.

If your request means that we have to do a lot of photocopying or printing , or pay a large postage charge, or is for a priced item such as some printed publications or videos we will let you know the cost before fulfilling your request. Where there is a charge this will be indicated on the Guide to Information Available table.
