Dear Stakeholder

In accordance with the School Admissions Code, our school is undertaking a statutory consultation on our admissions arrangements for the 2028-29 academic year and beyond.

As a school, we are proposing a change to the catchment area of our school. This is to expand the catchment area – to be clear, the existing catchment area is fully included in the proposed catchment area, alongside the additional area to form the catchment area.

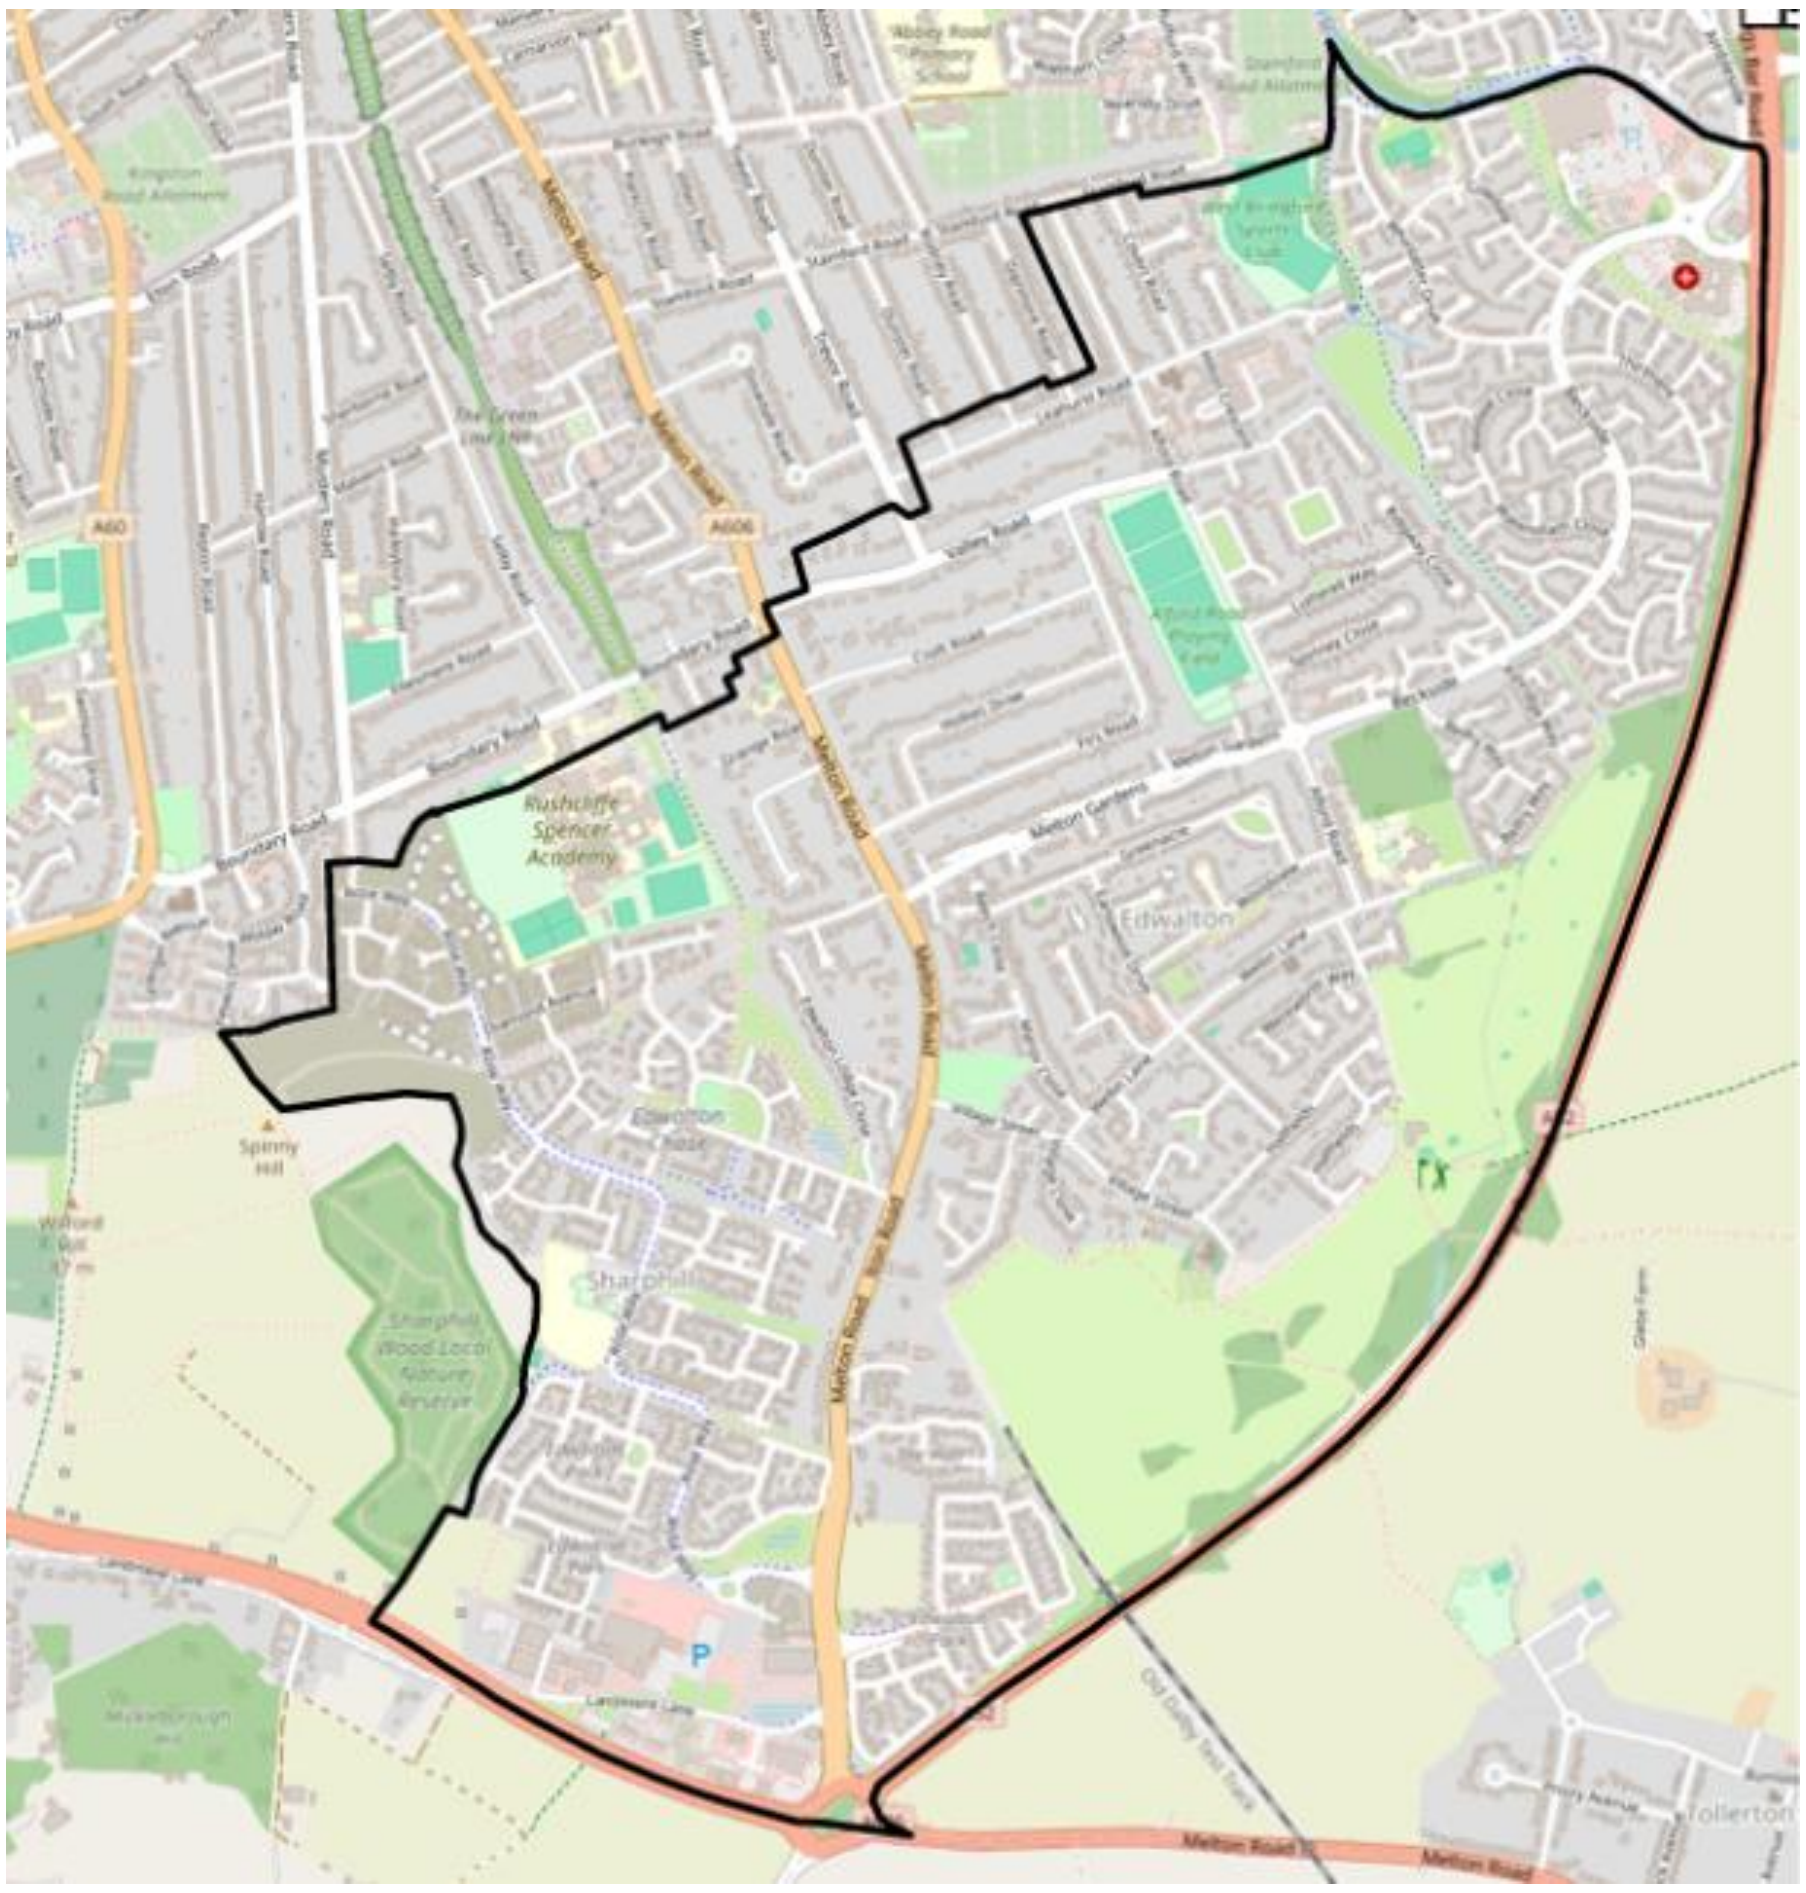

Current catchment area:

Proposed catchment map:

Rationale:

Edwalton Primary School has a Published Admission Number of 60 and an associated admissions policy which details the process, and over-subscription criteria, for the allocation of places. There is no intention to change the PAN or over-subscription criteria.

The Rushcliffe area has seen a considerable increase in housing and overall population in recent years, including the welcome addition of a new school in the area.

Edwalton Primary School's catchment area has remained the same and has not adapted to this increased geographical area.

The proposal is to increase the catchment area as indicated on the map above. This:

- Supports parental choice in the area for a wider geographical area.
- Remains within the geographical boundaries of the local secondary school, so as not to be of advantage or disadvantage to families when applying for a secondary school place.
- Does not involve a reduction to any of the catchment areas for other local schools.

If agreed, this would take effect from the admissions round for children starting school from September 2028.
We would also remind potential applicants that you are not obliged to select your catchment school as first choice, and we encourage families to consider schools they can access to ensure you select the school that best meets your needs.

The consultation will run for six weeks, from 16th October 2026 – 27th November 2026.

If you would like to comment or provide feedback, please email us at: office@edwalton.notts.sch.uk

All responses will be considered by governors before the policy is determined.

Thank you for your continued support.

Kind regards

Edwalton Primary School
